Fifty-nine Head of the Best Cattle Ever Offered at This Dependable Market

Realizing that the central area of the United States has produced abundant crops of feed this year and with a further realization that the present increased demand for breeding stock centers largely on the top varieties, the breeders who annually consign cattle to the Galesburg sales have redoubled their efforts for the sale that is to be held on October 28th. Fifty-nine head of the best cattle ever offered at this dependable market are listed for the sale and the increase in numbers is fully compensated for by an increase in quality and a strengthening of bloodlines. Those who are familiar with the sources of supply for really good Shorthorns will recognize immediately that the breeders who are consignors to this sale are among the country's leading producers of choice seed stock. There will be twenty-nine bulls, and this number contains a more liberal percentage than ever before of the kind that can head great herds. Breeders, farmers and ranchmen are urged to study this catalog and attend this sale for the purpose of a correct solution of their bull buying problems.

The female offering is the best in many years. The thirty females contain a very liberal number of the quick-profit kind as well as a beautiful group of richly bred open heifers. All are splendid individuals. All are offered with the strongest guarantees as to health and future usefulness.

A spirit of cooperation exists among the consignors to the semi-annual Galesburg Shorthorn sales which cannot be matched elsewhere in this country. There is no grumble when the Sale Manager asks a consignor to improve his offering by replacing one or two animals of medium quality with one or two better ones; there are no words of dissension when demands are made upon the consignors to produce certificates giving absolute health guarantees; in short, no consignor objects to any policy that will prove helpful to the buyer. Consignors realize that because of their attitude toward the buying public, the Galesburg sales have earned the rightful reputation of drawing more "repeat buyers" than any other sales in the country. That they are anxious to protect this reputation is clearly indicated by the wonderful lot of cattle they have provided for this forthcoming sale.

A study of this illustrated catalog, which contains a fair description of each animal, will convince you that some of the best bred cattle of the year are to be offered in this sale.

Remember,—hundreds of buyers who **must operate their herds at a profit** have used the Galesburg sales exclusively as their source of supply for good herd bulls and foundation females.

To Prospective Buyers of Herd Bulls—

This is the most important sale of bulls to be held during the Fall bull buying season. The 29 bulls represent the very strongest of ancestry and they are high in quality. We urge breeders, farmers and ranchmen to attend this sale.

Oakdale General 1919065—In my opinion, is one of the best herd bull prospects ever to leave this herd. As a show bull he has been able to take care of all he has met, winning championships in competition with herds that were exhibited at state fairs. This bull is deep bodied, wide ribbed, thick, short legged and has the head and neck of a real sire. This bull is made right, he is bred right, and his calves will be right. Be sure to see him.

Rosewood M. 3d 1654649—In my opinion, will be one of the best brood cows to be sold this year. She is due to drop her sixth calf early in October. She is a large cow, weighs 1600 lbs., is a good milker and right in every way. Her last bull calf was next to the top in the Marshalltown sale. It would be hard to find a stronger Bruce Rosewood pedigree and this cow is one of the excellent producers of this famous tribe.
